Owned & Operated

Dominus Gray provides cybersecurity consulting, compliance readiness, and cleared workforce solutions for defense industrial base contractors. We specialize in CMMC Level 2 certification, V-CISO services, and third-party risk management for organizations handling Controlled Unclassified Information (CUI).

Core Services

CMMC Level 2 Readiness

Gap assessment, remediation, C3PAO coordination

V-CISO Services

Monthly security leadership without full-time hire cost

Third-Party Risk Mgmt

SCF-based vendor assessment program

Incident Response Planning

NIST framework IRP with DFARS 252.204-7012 compliance

Cybersecurity Staffing

Cleared professionals, 4-8 week placement, 90-day guarantee

Compliance Documentation

SSP, POA&M, policies, procedures

CMMC Implementation Timeline

✓ Practitioner-Led

Our team holds CCP, CISSP, and CMMC RP credentials — we've done the work, not just studied it.

✓ SDVOSB Advantage

Set-aside eligible, socioeconomic scoring benefits, proven DoD contracting experience.

✓ End-to-End

From gap assessment through C3PAO certification — one partner, complete accountability.

✓ Fixed-Price Transparency

No hourly billing surprises — scoped engagements with defined deliverables.

Sample Deliverables
